Some Tips

▶ Have page numbers on the slides!
  it helps the audience to refer to specific
  points of the talk in the Q&A session
▶ Don't overfill slides
▶ ...

Yet Another Slide

You can use columns

you can use columns to organize a slide
see the source for details ...

1st column
(39% width)

- ▶ Item1
- ▶ Item2
- ▶ ...

2nd column (59% width)
this one has a logo in it (centered).

Use Structure!

This is a (normal) block

- ▶ it helps to structure a slide
- ▶ you can use it to group things

This is an exampleblock

it looks different than a normal block

and this is an alertblock

it is different from the two above

Use Examples!

pics say more than a thousand words

exp examples keep the audience interested
